

# Stefano Romagnoli

## CURRICULUM VITAE – February 2020

<b>PLACE and DATE of BIRTH</b>		Florence, Italy, 27 December 1957
<b>ADDRESS</b>	<i>office</i>	Department of Animal Medicine, Production and Health University of Padova, Italy 16, Viale dell'Università - Legnaro (PD) 35020, Italy
	<i>telephone</i>	00 39 049-827.2948, Fax 2954
	<i>e-mail</i>	stefano.romagnoli@unipd.it
<b>MARITAL STATUS</b>		Married with Maddalena Nonato; one 18 yr old son, Ulisse
<b>LANGUAGES</b>		Italian (mother tongue); English (fluent, spoken and written); Spanish (fluent, spoken); Portuguese (intermediate, spoken)

Stefano Romagnoli graduated in Veterinary Medicine from the University of Pisa in 1982. After completing his (mandatory) military service as a veterinary lieutenant (May 1983-Aug 1984) he was a Fulbright Fellow at the University of Minnesota, where he completed a Master of Science Degree in Theriogenology in 1986. He then returned to Italy, as an Assistant Professor (1987) and Associate Professor (1991) at the Faculty of Veterinary Medicine of the University of Pisa, and then was invited to join the Faculty of Veterinary Medicine of the University of Padova as a Full Professor in January 2001.

He is a Diplomate of the European College of Animal Reproduction, has co/authored 56 papers in refereed journals and more than 240 papers in total including non-refereed journals, book chapters and scientific abstracts. His research interests originally focused on ruminant reproduction, but he subsequently switched to small animal reproduction which has been the object of his clinical and research activity for the last 30 years. His scientific activity has a special focus on reproduction in cats, as he has served as President of the Italian Feline Practitioners Association (1993-1999) and President of the European Society of Feline Medicine (2000-2006). Since 1989 he has delivered more than 300 invited lectures at 91 scientific events around the world.

He is keen in developing international relationships fostering collaborative research projects across countries and continents and advising foreign graduates. He has also been Secretary and then President of the European Board of Veterinary Specialisation (EBVS, 2004-2008 and 2008-2010, respectively), President of the European College of Animal Reproduction (2011-2014) and has served as Secretary of the European Association of Establishments for Veterinary Education (EAEVE, 2004-2008). During his involvement with EBVS, EAEVE and ECAR he has developed an interest for quality assessment of undergraduate and postgraduate education in the medical field. He has been a team member or Chairperson or Coordinator of teams of experts assessing quality of undergraduate education in 14 veterinary schools in Europe and Asia. He is the current (2019-2022) President of the Italian Society for Animal Reproduction.

## UNDERGRADUATE EDUCATION

1. **Student**, Faculty of Veterinary Medicine, Università di Pisa (maximum score Magna cum Laude) 1977 - 1982
2. **Intern**, Dept of Anatomy and Physiology of Domestic Animals, University of Pisa 1978 - 1980
3. **Intern**, Dept of Veterinary Surgery and Reproduction, University of Pisa 1981 - 1982
4. **Student member**, Veterinary Medicine Faculty Council 1980 - 1982

## POSTGRADUATE EDUCATION

- |    |   |              |
|----|---|--------------|
| 1. | <b>Doctor in Veterinary Medicine</b> , Università di Pisa (maximum score Magna cum Laude)                     | 1982         |
| 2. | <b>Veterinary Lieutenant Trainee</b> , School of Army Veterinary Officers, Pinerolo (TO) Italy                | May-Jul 1983 |
| 2. | <b>Foreign Study Grant</b> , Italian Ministry of Education,   | 1984-1986    |
| 3. | <b>Fulbright Travel Grant</b> , Italy-USA Cultural Exchange Committee, University of Minnesota (USA)          | 1984-1986    |
| 4. | <b>Master of Science in Theriogenology</b> , University of Minnesota, USA,                                    | 1986         |
| 5. | Specialization School in <b>Small Animal Medicine</b> , Faculty of Veterinary Medicine<br>University of Pisa, | 1987         |
| 6. | <b>Ph.D</b> in Veterinary Obstetrics and Gynaecology, University of Perugia, Italy                            | 1987         |

## PROFESSIONAL POSITIONS HELD

- |   |                |
|---|----------------|
| <b>Veterinary Lieutenant</b> , Center for Army Research and Development, San Piero a Grado (PI), Italy  | 1983 - 1984    |
| <b>Assistant Professor</b> , Veterinary Obstetrics and Gynaecology, Faculty of Veterinary Medicine,<br>University of Pisa, ITALY  | 1987 - 1991    |
| <b>Clinical Assistant Professor</b> , Small Animal Reproduction, College of Veterinary Medicine,<br>University of Minnesota, USA (on leave from the University of Pisa) | 1988-1989      |
| <b>Adjunct Associate Professor</b> , Theriogenology, Faculty of Veterinary Medicine,<br>University of Camerino, ITALY   | 1993 - 1996    |
| <b>Associate Professor</b> , Veterinary Obstetrics and Gynaecology, Faculty of Veterinary Medicine,<br>University of Pisa, ITALY  | 1991 - 2000    |
| <b>Full Professor</b> , Clinical Veterinary Reproduction, Faculty of Veterinary Medicine,<br>University of Padova, ITALY  | 2001 – present |
| <b>Diplomate</b> , EUROPEAN COLLEGE OF ANIMAL REPRODUCTION ( <a href="http://www.ecarcollege.org">www.ecarcollege.org</a> )   | 2001 - present |

## INTERNATIONAL VISITING SCIENTIST-RESEARCHER

- |  |                  |
|--|------------------|
| <b>Bovine Clinic, School of Veterinary Medicine, University of Hannover,<br/>Germany</b> (Clinical Stage, 2 weeks)   | July 1984        |
| <b>Dept of Veterinary Sciences, University of Kentucky, Lexington, KY (USA)</b><br>(Clinical Stage, 3 weeks)   | April 1987       |
| <b>Clinic for Companion Animals and Horses and Dept of Animal Pathology<br/>School of Veterinary Medicine, University of Bern, Switzerland,</b><br>(research on pituitary secretion of LH, FSH and Prolactin in<br>cows with cystic ovaries; 6 months)   | May-Oct 1988     |
| <b>Dept of Clinical and Population Sciences and Dept of Small Animal Clinical Sciences<br/>College of Veterinary Medicine, University of Minnesota, St. Paul MN (USA)</b><br>(Collaborative research projects on use of Long Acting Oxytocin in cows and<br>use of prostaglandins in bitches; 1 month)     | August 1993      |
| <b>Faculty of Veterinary Medicine of Tirana, Albania.</b> Visiting Lecturer (2 weeks)  | June 1995        |
| <b>Dept of Veterinary Clinical Sciences, Faculty of Veterinary Sciences, Massey University,<br/>Palmerston North, New Zealand</b> (research on computerized dairy herd<br>management; 1 month)   | August 1996      |
| <b>Faculty of Veterinary Medicine, University of Illinois, Urbana-Champaign.</b> Visiting Lecturer as<br>George A. Miller Award recipient, 3 weeks of lectures on small animal reproduction<br>to junior and senior veterinary medical students  | Fall 2000        |
| <b>Faculty of Veterinary Medicine, Universidad Complutense de Madrid, Spain.</b> Visiting lecturer<br>for 2 months, teaching small animal reproduction to undergraduate veterinary medical<br>students, and quality of veterinary under- and postgraduate education to faculty members                     | Spring 2012      |
| <b>Faculty of Veterinary Medicine, University of Lisbon, Portugal.</b> Visiting lecturer<br>for 2 weeks, teaching small animal reproduction to undergraduate veterinary<br>medical students, and quality of veterinary undergraduate and postgraduate<br>education to faculty members                      | Fall 2014        |
| <b>Faculty of Veterinary and Agricultural Sciences, University of Melbourne, Australia.</b> Visiting lecturer<br>for 4 weeks, teaching small animal reproduction to undergraduate veterinary<br>medical students, and quality of veterinary undergraduate and postgraduate<br>education to faculty members | August-Sept 2018 |

## ORGANIZATION, MANAGEMENT and FUND RAISING for RESEARCH

### Italian National Research Council – Collaborative projects with foreign partners

1992 - Bilateral Project Italy/USA: Improvement of postpartum ovarian activity in dairy cows using long-acting oxytocin. Foreign Partner: Prof. Brad Seguin, Università del Minnesota, USA	€ 6.250
1993 – Same as above	€ 6.250
1994 - Same as above	€ 3.150
1995 - Bilateral Project Italy/USA: Use of Finasteride in the dog for the treatment of benign prostatic hypertrophy. Foreign Partner: Prof. Shirley Johnston, University of Minnesota (USA)	€ 4.650

### Italian National Research Council – Research projects of national interest

2000 - Effect of pregnancy on <i>Helicobacter pylori</i> infection using the dog as a model.	€ 65.000
--	----------

### University of Pisa – Research Grants

1994 - Control of estrous cycle in the bitch using PGF2a	€ 3.150
1995 - Control of estrous cycle in the bitch using PGF2a	€ 3.400
1996 - Control of estrous cycle in the bitch and queen using PGF2a, bromocriptine and their analogues.	€ 1.400
1997 - Control of estrous cycle in the bitch and queen using PGF2a, bromocriptine and their analogues.	€ 2.600
1997 – Use of cabergoline and Alphaprostol to control reproduction in the bitch (grant from CEVA-VETEM, Milan, Italy)	€ 10.200
1998 - Control of estrous cycle in the bitch and queen using PGF2a, bromocriptine and their analogues.	€ 2.600

### University of Padova – Research Grants

2001 - Control of estrous cycle in the bitch and queen: induction of heat using cabergoline	€ 3.357
2002 - Pregnancy termination in the bitch using the synthetic prostaglandin alphaprostol	€ 4.600
2003 - Cytokines in the canine pregnancy	€ 5.000
2004 – Comparison between TH1-type and TH2-type cytokines at the maternal fetal interface during canine pregnancy	€ 5.007
2005 - Control of reproduction in the bitch using the GnRH agonist deslorelin	€ 5.550
2006 – Use of aglepristone for the treatment of pyometra in the bitch	€ 6.900
2007 – Control of reproduction in the male cat using the GnRH agonist deslorelin	€ 9.000
2008 – Prevention of puberty in the cat using the GnRH agonist deslorelin	€ 14.500
2010 – Prolonged reversible pharmacological castration of tomcats using deslorelin	€ 2.690
2011 – Control of feline reproduction using the GnRH agonist deslorelin	€ 2.816
2012 – Interval treatment-sterility in male dogs treated with deslorelin implants	€ 3.024
2016 – Use of 4.7 mg deslorelin implants to control reproduction in cats (Virbac, Carros, France)	€ 2.500
2018 - Use of 9.4 mg deslorelin implants to control reproduction in cats (Virbac, Carros, France)	€ 35.000

### Research grants sponsored by private companies (through Academia)

1997 – Use of cabergoline and Alphaprostol to control reproduction in the bitch (CEVA-VETEM, Milan, Italy)	€ 10.200
--	----------

## INTERNATIONAL EXCHANGES

1993-2003 <u>Italian Fulbright Commission</u> – Evaluator of candidates for travel and research grants in Veterinary Medicine	
1995 - <u>International Relationships, University of Pisa</u> . International bilateral agreement between the Faculty of Veterinary Medicine, University of Pisa, Italy, and the College of Veterinary Medicine, University of Minnesota, USA; funded with	€ 4.700.
1996 – Same as above, funded with	€ 4.700.
1997 – Same as above, funded with	€ 2.600.
1995 - <u>Tempus-Phare Project, European Training Foundation</u> , Mission for cooperation to the development of the Faculty of Veterinary Medicine, University of Tirana, Albania (5-17 Giugno (contratto n. IMG-94-I-2028, funded with	ECU 1.200
2013 – <u>Coordinator of Erasmus flux</u> with the Faculty of Veterinary Medicine of Cluj Napoca, Romania	
2014-16 <u>Coordinator of the Texas exchange program</u> with the College of Veterinary Medicine	€ 10.000

<i>Veterinaria Mexico</i>	1998-2005
Praxis Veterinaria (Italian Continuing Education Journal for veterinarians)	1999-2008

**Member of the Reviewer's Board of the following scientific journals:**

Reproduction in Domestic Animals	2006-present
Journal of Small Animal Practice	2007-present
Theriogenology	2008-present
Journal of Feline Medicine and Surgery.	2008-present
American Journal of Veterinary Research	2017-present

## ADVISING GRADUATE STUDENTS and RESIDENTS

**PhD**

Luisa Cesca – Co-Advisor, University of Pisa.	Year of title	1990
Alessandra Rota – Main Advisor, University of Pisa.	Year of title	2002
Chiara Milani – Main Advisor, University of Padova.	Year of title	2006
Pamela Bonaccini – Main Advisor, University of Padova.	Year of title	2011
Juri Vencato – Co-Advisor, University of Padova.	Year of title	2013
Marta Cecchetto – Co-Advisor, University of Padova.	Year of title	2017
Marcelo Carvalho Dos Santos – Co-Advisor, UENF, Brasil	Year of title	2019
Lluís Ferrè Dolcet – Main Advisor	Year of title	2020

**ECAR Residency Program at the University of Padova**

Chiara Milani	Resident 2008-2011.	Year ECAR Diploma awarded	pending
Hasan Sontas	Resident 2008-2011.	Year ECAR Diploma awarded	2014
Juri Vencato	Resident 2011-2014.	Year ECAR Diploma awarded	pending
Marta Cecchetto	Resident 2012-2016	Year ECAR Diploma awarded	pending
Magdalena Schrank	Resident 2018-2020		
Lluís Ferrè Dolcet	Resident 2018-2020		

## PUBLICATIONS

As of February 2020, Stefano Romagnoli has authored **246** publications, divided in:

<b>Refereed journals</b>	<b>= 56</b>
<b>Non-Refereed journals</b>	<b>= 65</b>
<b>Communications in International Scientific Congresses</b>	<b>= 67</b>
<b>Communications in National (Italy) Scientific Congresses</b>	<b>= 49</b>
<b>Book Chapters</b>	<b>= 8</b>
<b>Online Position Papers</b>	<b>= 1</b>

## REFEREED JOURNALS

1. Ferdeghini M., Gadducci A., **Romagnoli S.**, Bartolini T., Facchini V., Scatena P., Bianchi R., Fioretti P: Preliminary results on the use of Ca15-3 in malignant ovarian pathology. *J Nucl Med All Sci* 1987, **31** (4): 299-302
2. **Romagnoli S.E.**, Hilbert B., Momont H.W., Metz A.: Multiple recurring uterocervical leiomyomas in two half siblings Appaloosa fillies. *JAVMA*, 1987, **191** (11):1449-1450
3. **Romagnoli S.**, Cela M., Camillo F.: Use of Prostaglandin F2 Alpha for early pregnancy termination in the mismated bitch. *Vet Clin North Am* 1991, **21** (3) 487-500

## **INVITED PRESENTATIONS (updated 2018)**

Since 1989 Stefano Romagnoli has been invited to speak at 91 scientific, continuing education and lay meetings across Europe, North and South America, Asia and Australia, delivering over 300 presentations. Invitations to speak at breeder's meetings (5) are in green, while those on quality assessment of veterinary education (8) are in light blue in the list below.

1. **Society for Theriogenology (SfT), Coeur d'Alene, Idaho, USA, 28-30 September 1989**  
A diagnostic approach to vulvar discharge in the bitch. pagg. 290-306
2. **Joint Congress Italian Kennel Club-Italian Research Council on Congenital anomalies in canine breeding. Florence, Italy, February 1991.**  
Congenital anomalies of the canine male and female reproductive system. pp. 19-33
3. **World Small Animal Veterinary Association (WSAVA), Rome, September 1992**  
Indications for using PGF2a for reproductive complaints in the bitch.: pp. 1429-1434
4. **World Small Animal Veterinary Association (WSAVA), Rome, September 1992**  
Retrograde ejaculation in the dog. pag. 1435-1440
5. **Spanish Association for Small Animal Practitioners (AVEPA), Barcelona, Spain, 14-16 October 1994,**  
Canine hypothyroidism and infertility, pp 39-41
6. **Spanish Association for Small Animal Practitioners (AVEPA), Barcelona, Spain, 14-16 October 1994,**  
Canine artificial insemination: use of fresh, refrigerated and frozen semen pp 43-44;
7. **Spanish Association for Small Animal Practitioners (AVEPA), Barcelona, Spain, 14-16 October 1994,**  
The male dog: breeding soundness examination and treatment of the reproductive diseases. pp 45-47
8. **Federation of European Companion Animal Veterinary Associations (FECAVA), Paris, France, 18-20 November 1994**  
Feline infertility: a clinical approach, pp 334-336
9. **Federation of European Companion Animal Veterinary Associations (FECAVA), Paris, France, 18-20 November 1994**  
Disorders of feline pregnancy: endocrine and metabolic correlates, pp 425-426
10. **Italian Cultural Society Companion Animal Vets (SCIVAC): Problems in Canine Obstetrics, Gynecology and Pediatrics - Pisa, Italy, 17- 19 March 1995.**  
True and false pregnancy. pp 37-46
11. **Italian Cultural Society Companion Animal Vets (SCIVAC): Problems in Canine Obstetrics, Gynecology and Pediatrics - Pisa, Italy, 17- 19 March 1995.**  
Parturition and puerperium. pp. 59-66
12. **Italian Cultural Society Companion Animal Vets (SCIVAC): Problems in Canine Obstetrics, Gynecology and Pediatrics - Pisa, Italy, 17- 19 March 1995.**  
Complications in pregnancy pp. 79-90
13. **Italian Cultural Society Companion Animal Vets (SCIVAC): Problems in Canine Obstetrics, Gynecology and Pediatrics - Pisa, Italy, 17- 19 March 1995.**  
Puerperal complications in the bitch. 107-114
14. **Italian Cultural Society Companion Animal Vets (SCIVAC): Problems in Canine Obstetrics, Gynecology and Pediatrics - Pisa, Italy, 17- 19 March 1995.**  
Induction of abortion in the bitch: what is the best protocol? pp. 139-146
15. **Italian Cultural Society Companion Animal Vets (SCIVAC): Problems in Canine Obstetrics, Gynecology and Pediatrics - Pisa, Italy, 17- 19 March 1995.**  
Progestins and androgens to control the estrous cycle pp. 147-156
16. **Italian Cultural Society Companion Animal Vets (SCIVAC): Problems in Canine Obstetrics, Gynecology and Pediatrics - Pisa, Italy, 17- 19 March 1995.**  
Two diseases due to sex steroids: vaginal prolapse and cystic endometrial hyperplasia. pp. 171-180
17. **Society for Theriogenology (SfT), San Antonio, Texas, USA, 13-15 September 1995.**  
Pregnancy termination in the bitch using prostaglandins: treatment success rate and reasons for failure pp 180-185
18. **Society for Theriogenology (SfT), San Antonio, Texas, USA, 13-15 September 1995.**  
Clinical approach to prolonged estrus in the bitch. pp 216-222
19. **Italian Society for Buiatrics (SIB), Bergamo, Italy 30 May -1 June 1997**  
The computer as a tool to manage reproduction in dairy herds. Proceedings Italian Society for Buiatrics (SIB), 1997, vol XXIX pp. 97-124
20. **European Veterinary Society for Small Animal Reproduction (EVSSAR), Barcelona (Spain) 30 April-3 May 1998**  
Diagnostic Algorithm for bitches with persistent estrus. pp. 165-170
21. **European Veterinary Society for Small Animal Reproduction (EVSSAR), Barcelona (Spain) 30 April-3 May 1998**  
Infertility in the queen. pp 175-180
22. **European Veterinary Society for Small Animal Reproduction (EVSSAR), Barcelona (Spain) 30 April-3 May 1998**  
Vaginal prolapse in bitches: medical vs surgical treatment. pp. 195-198.
23. **World Small Animal Veterinary Association (WSAVA), Buenos Aires, Argentina) 5-10 October 1998.**  
Control of estrous cycle in bitches and queens: use and misuse of progestagens. pp. 229-233
24. **World Small Animal Veterinary Association (WSAVA), Buenos Aires, Argentina) 5-10 October 1998.**  
Clinical management of unwanted mating in the bitch. pp 239-243
25. **World Small Animal Veterinary Association (WSAVA), Lyon (France) 23-26 September 1999**

- 126 Pediatric emergencies
- 127 Masterclass: Clinical investigation in kennels with abortion and infertility problems

**Slovenian Association for Companion Animal Veterinarians – Continuing Education Seminar, Dolenjske Toplice (Slovenia) 22-24 April 2010**

- 128 Feline Pediatrics
- 129 Techniques for neonatal resuscitation and critical care
- 130 Practical use of hormones in feline reproduction
- 131 Ovarian remnant syndrome in the queen: Clinical approach to a surgeon's dilemma

**Faculty of Veterinary Medicine, University of Olsztyn, Poland. Short course for small animal veterinarians on feline reproduction. 26-27 July, 2010.** A 1.5-day, 10-hr program with lectures on:

- 132 Managing the feline reproductive cycle using physiology, vaginal cytology and hormonal assay
- 133 Clinical problems in the adult queen: infertility, pyometra and mammary hyperplasia.
- 134 Feline pregnancy and its disorders:
- 135 Feline andrology I: Semen collection and artificial insemination:
- 136 Feline andrology II: clinical aspects of infertility in tomcats
- 137 Surgical control of canine and feline reproduction: should we neuter? At what age? Using which technique?
- 138 Medical alternatives to gonadectomy: how to use drugs safely in dogs and cats
- 139 Parturition and management of dystocia in the queen, with comparison to the bitch
- 140 Feline and canine pediatrics: normal neonatal parameters and neonatal resuscitation
- 141 Why neutered females come back in heat: the ovarian remnant syndrome

**Southern European Veterinary Congress (SEVC) Barcelona, Spain, 30 September-3 October 2010**

- 142 How I treat feline mammary hypertrophy
- 143 Masterclass for veterinarians: clinical cases of small animal reproduction

**Italian Cat Fancy Club (ANFI), Cascina, Italy – Managing Feline Breeding. 27 October 2010**

- 144 Feline infertility and pyometra
- 145 Problems during pregnancy
- 146 Feline parturition and dystocia

**Veterinary Chapter of Vicenza, Italy – Continuing Education Seminar on Reproduction in Small Animals – Vicenza, Italy, 4 March, 2011**

- 147 Emergency conditions in small animal neonates

**Italian Cat Fancy Club (ANFI), Pisa, Italy – Managing Feline Breeding. 19 June 2011**

- 148 Feline perinatal care: physiological differences between neonates and adults
- 149 Neonatal conditions in kittens: congenital, traumatic, infectious, parasitic; fading kitten syndrome
- 150 Intensive care of feline neonates

**Italian Society for Animal Reproduction (SIRA) - Bari, Italy. 23-24 June 2011**

- 151 Infertility in male dogs
- 152 How to become an EBVS Diplomate

- VIRBAC – Deslorelin Experts Meeting – Paris, France, 23 November, 2011**
- 153 The 4.7 mg deslorelin implant for the postponement of puberty in prepubertal males and females cats
- Faculty of Veterinary Medicine, University of Parma, Italy. Meeting on “The role of European Colleges on post-graduation professional development of veterinarians. Parma, 30 November, 2011.**
- 154 How to become a European Specialist
- Intermediary meeting for the Establishment of an Asian Board of Veterinary Specialties. Bangkok, Thailand, 15-16 December 2011**
- 155 EBVS – The Challenge of diversity
- Madrid Veterinary Chapter, Continuing Education Event for veterinarians. April 25, 2012**
- 156 Heat after ovariectomy: ovarian remnant syndrome
- 157 Pregnancy termination in the bitch and queen
- 158 Canine urinary incontinence
- 159 Canine prostatic diseases
- 160 Practical use of hormones in small animals
- Faculty of Veterinary Medicine, Complutense University of Madrid, Spain. April 27, 2012**
- 161 How to become a European Veterinary Specialist
- Cocker Spaniel Breeder’s Club – Vicenza, Italy, June 2, 2012**
- 162 Pregnancy and parturition in the bitch
- Israeli Small Animal Veterinary Association – Intensive Course on Reproduction in Small Animals. Tel Aviv, Israel, June 15-16, 2012.** A 2-day, 10-hr program with lectures on:
- 163 Clinical approach to infertility in the bitch
- 164 Complications in canine pregnancy and their clinical approach
- 165 Dystocia in the bitch and control of parturition
- 166 Pyometra in the bitch and queen
- 167 Pregnancy termination in the bitch
- 168 Medical treatment of canine urinary incontinence
- 169 Control of the estrous cycle in the bitch and queen
- 170 Practical use of hormones in dogs and cats
- 171 The canine prostate: normal function, growth and development of hyperplasia
- 172 Canine and feline pediatrics
- 173 C-Section: when and how
- Persian and Exotic Cat Fancy Club – Verona, Italy, June 23, 2012**
- 174 Control of reproduction in the breeding queen – Part 1
- 175 Control of reproduction in the breeding queen – Part 2
- Society for Theriogenology (SFT), Baltimore, Maryland, USA, 21-24 August 2012.**
- 176 Control of mammary function in the bitch and queen
- 177 Clinical use of GnRH agonists in small animals
- Danish Society of Veterinarians Certified in Small Animal Diseases – Male Reproduction in Small Animals. Billund, Denmark, September 18-19, 2012.** A 2-day, 10-hr program with lectures on:
- 178 Infertility in the bitch and queen - Part 1
- 179 Infertility in the bitch and queen - Part 2
- 180 Semen collection, evaluation and AI in tomcat and male dog
- 181 Practical use of aglepristone
- 182 Practical use of GnRH agonists
- 183 Practical use of other hormones in small animal reproduction
- 184 Neonatal care including intraosseous fluid administration
- 185 C-section: planned. Optimal protocol

**Asia-Pacific Veterinary Conference, Bangkok, Thailand, 10-12 October 2012.**

- 186 Practical use of hormones in small animal reproduction
- 187 Clinical use of GnRH agonists in small animals
- 188 Complications in canine pregnancy and their clinical approach
- 189 Canine Urinary Incontinence
- 190 The canine prostate
- 191 Canine and feline pediatrics
- 192 Canine infertility

**European Association for Establishments of Veterinary Education (EAEVE), Annual Congress, Padova, Italy, 15-16 May 2013**

- 193 The Role of Diplomates of the European Board of Veterinary Surgeons (EBVS) in Veterinary Education

**Italian Society for Animal Reproduction (SIRA) - Ustica, Italy. 19-22 June 2013**

- 194 Canine ovulation staging for timed artificial insemination
- 195 Semen collection in tomcats

**IMPROVE - Continuing Education event on small animal reproduction. Madrid, Spain, 13-14 July 2013**

- 196 Dystocia in the bitch and control of parturition
- 197 Canine and feline pediatrics and neonatal resuscitation
- 198 C-Section: when and how
- 199 Infertility in bitches
- 200 Infertility in male dogs
- 201 Infertility in queens
- 202 Wet Lab – Canine semen collection and evaluation

**Southern European Veterinary Congress (SEVC) Barcelona, Spain, 17-19 October 2013**

- 203 Infertility in the queen
- 204 Feline semen collection and evaluation: a simple technique for vets in practice
- 205 Estrus control in the breeding queens
- 206 Heat after ovariectomy in bitches and queen
- 207 Infertility in the male dog

**IMPROVE - Continuing Education event on small animal reproduction. Madrid, Spain, 23-24 November 2013**

- 208 Mammary tumors in the bitch
- 209 Pseudopregnancy and its effects on the canine mammary gland
- 210 Mastitis in small animals and its effects on neonates
- 211 Pharmacology of reproduction in bitches and queens
- 212 Pharmacology of reproduction in male dogs and tomcats
- 213 Wet Lab – Cat semen collection and evaluation; intraosseous administration of fluids (on cadavers of neonates)

**Italian Veterinary Society for Companion Animals (AIVPA), Padova, Italy – 11 May 2014**

- 214 Practical use of hormones in small animal reproduction
- 215 Infertility in male dogs and cats
- 216 What's new on ovulation timing

**Hong Kong Veterinary Association (HKVS) – Continuing Education meeting. Day one: 3 July 2014**

- 217 Canine breeding management
- 218 Canine and feline pyometra
- 219 Complications in canine pregnancy
- 220 Heat after ovariectomy: ovarian remnant syndrome

**Australian College of Veterinary Scientists (ACVS) – Science Week. Brisbane, Australia. 10-12 July 2014**

- 221 The use of aglepristone to help the treatment of intact diabetic bitches
- 222 Deslorelin in dogs and cats for reproduction control
- 223 The use of fine needle aspiration for looking at testicular function in male dogs

**Virbac Webinar – broadcasted from Brisbane, Australia. 12 July, 2012**

- 224 Canine and feline pyometra

- 225 Canine urinary incontinence
- 226 The canine prostate

**Hong Kong Veterinary Association (HKVS) – Continuing Education meeting. Day two: 16 July 2014**

- 227 Canine urinary incontinence
- 228 Pregnancy termination in the bitch and queen
- 229 Complications in canine pregnancy
- 230 Heat after ovariectomy: ovarian remnant syndrome

**IMPROVE Webinar – broadcasted from Padova, Italy. 10 September, 2012**

- 231 Clinical cases of feline reproduction

**International Society of Feline Medicine (ISFM<sup>2</sup>) Porto, Portugal, July 1-5, 2015.** An invited lecture in the main program and a 3-hr Masterclass on Reproductive disorders in the queen and tom

- 232 Megestrol acetate and progestins: tried... and true?
- 233 Masterclass - Advising cat breeders on reproductive management;
- 234 Masterclass - Clinical problems in adult queens;
- 235 Masterclass - Feline andrology: clinical aspects of infertility in tomcats

**European Veterinary Society Small Animal Reproduction (EVSSAR) – Hannover 11-12 September, 2015**

- 236 When pregnancy is jeopardized: causes and therapeutic possibilities. pp 67-73

**Finnish Small Animal Veterinary Association – Continuing Education Conference Helsinki, Finland, 15 May, 2016.** A 6-hr program including: a 3-hr program for small animal veterinarians in the morning followed by a 3-hr program for cat breeders in the afternoon

- 237 Canine and feline pyometra
- 238 Clinical use of GnRH agonists in dogs and cats;
- 239 Controlling reproduction in small animals with progestogens and melatonin
- 240 Breeder's - Control of reproduction in breeding establishments,
- 241 Breeder's - Seasonal features of feline reproduction in Europe,
- 242 Breeder's - Infertility problems in breeding queens

**Turkish Society of Animal Reproduction, Antalya, Turkey 5-9 October 2016**

- 243 Canine andrology and chemical castration

**Veterinary Chapter of Milan, Italy - Short course on Canine Reproduction, Milan, Italy October 16, 2016**

A 6-hr program for small animal veterinarians

- 244 Breeding management, ovulation timing and irregular patterns of cyclicity in bitches;
- 245 Pregnancy monitoring through hormones and ultrasonography;
- 246 Parturition, dystocia and decision criteria for C-Section;
- 247 Neonatology, cause of stillbirths, neonatal fluid and antibiotic treatment;
- 248 Andrological exam in the dog, prostatic function and most common prostatic diseases;
- 249 Testicular ultrasonography

**Short course on small animal reproduction, Faculty of Veterinary Medicine, University of Vila Velha (ES) Brazil, 4-6 May 2017.** Lectures and practical laboratories for a total of 24 hours of advanced small animal reproduction (including 4 hrs of wet laboratories) on the following topics:

- 250 Surgical control of reproduction
- 251 Medical control of reproduction
- 252 Ovarian remnant syndrome
- 253 Medical treatment of urinary incontinence in the bitch
- 254 Practical use of aglepristone,
- 255 Control of mammary function
- 256 Clinical approach to female infertility
- 257 Pyometra in bitches and queens
- 258 Dystocia in bitches and queens
- 259 C-Section: when and how

**EDITOR**

During his mandate as President of the Italian Feline Practitioner's Association (AIVPAFE) Stefano Romagnoli curated the publication of the official journal of AIVPAFE, *Clinica Felina* (Feline Clinics) later renamed *Rassegna di Medicina Felina* (Review of Feline Medicine). During his mandate as President of the EBVS, Stefano Romagnoli developed and launched the EBVS Newsletter of which he was the first (and only) Editor for the 9 issues published from 2011 until 2014
